

The Forum will focus on “innovation” and “finance” to support energy transitions, and feature a variety of sessions to present concrete projects and efforts by industry, government and academia in Japan and Asia.

The forum will open with keynote speeches by ministers from Asian countries, followed by a special ceremony session that include 1) an MOU signing ceremony among private companies on projects and initiatives contributing to energy transitions in Asia, 2) the presentation of interim report on the discussion of promoting Transition Finance in Asia by the ATF Study Group led by private financial institutions, 3) the presentation of final report on a roadmap analysis for the realization of carbon neutrality in ASEAN by the Economic Research Institute for ASEAN and East Asia (ERIA) and the Institute of Energy Economics, Japan (IEEJ).

Additionally, the Forum will hold panel discussion sessions under the themes of 1) the mobilization of finance and 2) the promotion of innovation that are essential for promoting energy transitions in Asia. Prominent figures from international organizations and private companies are confirmed to join the sessions to have lively discussions on the future pathways of energy transitions in line with actual situations in Asia.

We look forward to your prior registration and attendance in this productive event.

If you wish to join the Forum, please register from the form below. The Secretariat will send you a meeting link later.
